**WHAT COUNTS?**

Time spent actually performing community service for a NON-PROFIT Organization or Agency will count. For example:

- Services performed for day care centers, retirement homes, and animal hospitals.
- Hours spent volunteering with a doctor, lawyer or dentist while performing “pro bono” work.
- Service performed on staff at a non-profit athletic, music, art or other camp for no financial compensation.
- Service hours will be awarded for students volunteering on political campaigns without financial gain to the student.
- Faith based activities that are performed outside of normal worship services, i.e.:
  - Teaching Sunday school, arts/crafts/recreation at Vacation Bible School, Mission trips (excluding eating, sleeping and worship time).
- Participation in club fundraisers if all proceeds (less expense) will be donated to a bona fide charity.
- Rehearsal and practice times will count if performances are conducted specifically to meet a community service need, and the organization and/or students do not receive financial gain.
