May 22, 2020

Dear Highlander Family,

Today, Florida Governor Ron DeSantis issued an announcement allowing the resumption of all organized youth activities, including summer camps. In light of that announcement, I want to communicate what activities are available on LHP campuses for our students.

First, we are maintaining several decisions shared in my May 11, 2020 email:

- The health and safety of our students, employees, and families are and will remain our top priorities.
- Beginning June 8, 2020, we will offer summer school academic programs, including our Virtual Enrichment Programs, via our remote Learning Continuity Plan.
- We must achieve Phase II in order to offer on-campus programs for students. Given our state achieves Phase II in the near future, the earliest start date for on-campus programs at LHPS will be July 6, 2020.
- We are independently assessing the opening of the Highlander Aquatics Center.

New decisions to share:

- The LHPS campuses remain closed to all students, parents, employees and visitors through Sunday, June 7, 2020, except for previously announced school-sponsored activities.
- Several Task Forces are currently assessing the possibility of and the necessary protocols to allow our athletic teams to return to campus for coach-supervised practices starting June 8, 2020. We will announce our decision by Friday, June 5, 2020.
- We will keep you informed as further decisions unfold and we move to full campus opening and activities.

May your Memorial Day weekend be safe and fun, and may it remind you of the valiant service and sacrifice of our nation’s service men and women.

Warmest regards,

Alfred G. Harms, Jr.
