LHPS School Closure Policies & Communications

Closing school:
LHPS will follow Orange County Public School (OCPS) closures due to inclement weather. Generally, LHPS is subject to the same conditions and institutional considerations as OCPS. LHPS will close if OCPS announces school closure.

Re-opening school
We will decide to re-open school independent of OCPS. The size of our school and our exceptional resources often allow us to re-open our campuses prior to the public school system.

After-school activity cancellations
Decisions to cancel or delay afternoon and evening activities are made independently of OCPS. Coaches and group advisors will email schedule changes (e.g., game, practice, and event cancellations) to students and families.

Communicating during emergencies (such as closures and re-openings)
LHPS’s official communication channel is email. Please regularly check email messages from the school for important information. We also post brief messages on our website homepage, Facebook, and Twitter. Additionally, we may use text messages (you must opt-in to receive) and automated phone calls to keep families updated during emergencies. Learn how to opt-in to text alerts here. Please check PowerSchool to ensure your phone numbers are accurate.
